---

It is a story about a father, Harry Styles, who kidnaps his daughter, Rose, from her mother, Loretta Fanny. Harry is a con man and has been conning people for years. For his latest con, he kidnaps Loretta's daughter, Rose, then takes the girl and starts to con her into believing that he is her father. But Rose keeps telling Loretta that she is his daughter. I can't have a kid running around town because the world thinks I'm a monster, so I kidnap her and let her grow up believing that she is my daughter. She's my great escape. All she knows is that her real father is a criminal who killed her mother. Harry takes her far away and leaves her with a baby sitter. She starts to get into trouble at school because she doesn't have a birth certificate to show she is legit, which makes her look like a runaway. While she is not able to provide her real name, she is able to say that her name is Rose, but she doesn't know her real mother's name, and she doesn't remember her real father. She has an older sister named Jazz, and she is trying to be a good girl. The parents have taken their daughter from the orphanage and are being deported back to Jamaica. They are going to split the girl up and turn her over to the orphanage again. Loretta is willing to let it happen, but her husband is not. He tries to break into the house to rescue Rose. Loretta's husband is later killed by the police. He is declared a wanted man and they have Harry Styles on their radar. But they don't have any proof. In the meantime, Harry has gained the trust of a group of hippies, who have convinced themselves that he is their long-lost savior. This "crowd of characters" is used by Harry as a tool to save his daughter, and he leads this small, loosely organized group in an attempt to save Rose from Harry's custody. At the same time, Rose is being bribed to betray Harry. As the children's bond grows, it becomes obvious that Harry has made an immense mistake in taking Rose from her mother. He is aware of a police investigation, and he realizes that his time is running out. He needs to act. Harry's con is in full swing. He convinces these hippies that he 82157476af
